CSAA Annual Spring Safety Breakfast

Written by Aaron Proud on Thursday, 03 April 2014

Estevan had it's 25th annual Spring Safety breakfast hosted by the Contractor safety awareness association at the Royal Canadian Legion hall this morning.

There was quite a turn out for the sausage, bacon and eggs as well as food for thought. The messages cannot be reiterated enough, it is everyone's responsibility that all service locates are completed before a job is started, for everyone's safety.
